Austrian Patrol Makes

VIENNA, Jan. 12-(via wireless London.)-One of the most daring exlolts of the war is summarized by the Austrian war office today. It states that an Austrian patrol operating at an important position on the front succeeded in penetrating the main lines of the Russians. The patrol pushed forward Russians. The patrol pushed forward to the residence occupied by the Russian commandant, broke in and took the officer and his guard of six men prisoners. The Austrians then successfully retraced their steps to their own lines. retraced their steps to their own lines, it is stated that the fighting yesterday was confined generally to the lower Nida, where the Russians tried to cross the low country bordering on the river to assault the Austrian positions. The Austrian artillery had the complete range of the territory, and repulsed the Russians with heavy losses.

Elsewhere the fighting is confined to artillery exchanges.

IT RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalo. makes the hair brittle, and ruins it. The best thing for steady use in just ordinary mulsified cocoanut of (which is pure and greaseless), is cheaper and better than soap or any thing else you can use. One or two teaspoonfuls will

cleanse the hair and scalp thorough ly. Simply moisten the hair with water and rub it in. It makes ar abundance of rich, creamy lather which rinses out easily, removing every particle of dust, dirt, dandruff quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and east to manage.

You can get mulsified cocoanut of at any pharmacy, and a few ounces will supply every member of the family for months.-Advt.

Bored by the simple life they were leading on the Fletcher farm near Indianapolis, the two youngsters decided to seek the bright lights of New York. The fact that they had only 35 cents did not deter them. They started on foot on Saturday afternoon.

They walked until tired, and then decided that a train was preferable. When they reached Acton ten miles from
